

LASPO Juniors - Elite Summer Program - Middle/High School and Tournament Players

The Elite Program

The Elite Program is designed for junior golfers who have outgrown beginner golf camps/instruction and are interested in developing their skills for tournament competition. Whether on their high school/middle school team or competing in other junior competitions, the Elite Program will seek to ingrain the fundamentals of the game while exposing and developing more advanced concepts of tournament play.

Practices will be structured in a collegiate format to assist in preparation for those juniors looking to play at the collegiate level.

The Elite Program is not designed for beginners. Juniors signing up should be 10 years of age or older and have completed a full 18 hole round. However, exceptions can be made by the Program Director, Chris Oetinger, or the Head Pro, Michael Cattani. If you have any questions as to whether or not your child is ready for this program please reach out to Chris or Michael at the contact information provided below.
